JOB SEEKER

Are you seeking a job that pays \$25,000-\$30,000/year that doesn't require a college degree?

Are you earning less than you know you can, because you don't know where to start?

Are there jobs and careers that you know are right for you, but there are too many obstacles in your way?

Network2Work@PVCC wants to help you unleash your potential!

Mission of Network2Work@PVCC:

We are committed to helping you find a job that pays a decent wage and leads to a career. Once you have selected a job you want to pursue, we work with you to identify the resources you may need to help you get and keep that job—resources like training, quality childcare, reliable transportation, legal assistance, health care, and more.

Once you are ready to apply for the job, we vouch for you with your chosen employer. We follow the saying, “It’s not just what you know, it’s who you know.” We will get to know you, and we know the employers, and we can help make the connection.

We have helped hundreds of your neighbors find quality jobs, and we are ready to help you.

Steps in the Process:

Step 1: Identify a job in our network that interests you

Step 2: Enroll in Network2Work@PVCC

Step 3: Answer our questionnaire which matches you to the training and supports you need to get the job you have identified (“Charting your pathway”)

Step 4: Attend the trainings that will give you more value in the eyes of employers

Step 5: Connect with the providers on your pathway who can provide the resources you need to be successful

Step 6: Attend a mock job interview once you have completed the pathway

Step 7: Apply for the job

Step 8: Let us know that you have applied so we can put in a good word for you

Step 9: Stay in touch after getting your job: let us know if you need additional help or are ready to advance your career
