REALIZING POTENTIAL

REAL JOBS
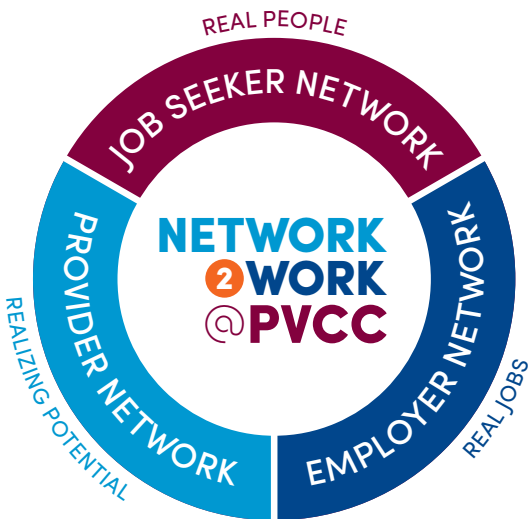

NETWORK **2** WORK @PVCC

Do you know people who are seeking jobs that pay $25,000 a year or more?

Are you passionate about helping people realize their potential?

Do you believe in the power of positive relationships?

Then you should consider becoming a Network2Work@PVCC Connector, Navigator or Pilot!

Connectors, Navigators and Pilots are the foundation of Network2Work@PVCC. These individuals know the people who are striving to find quality jobs and/or are willing to serve as a source of encouragement to those people and connect them to opportunities and resources. Does this describe you?

Network2Work@PVCC CONNECTOR

An individual, perhaps you, who:

- Knows people seeking jobs that pay $25,000 or more
- Can help match their person's interests and capabilities with available jobs we have in our network
- Is willing to complete our simple questionnaire that will match their job seeker to the resources they need to be successful
- **Time commitment:** One 10-minute (short survey) or 45-minute (longer survey) meeting with their job seeker to complete the questionnaire, plus a one-time 45-minute training

Network2Work@PVCC NAVIGATOR

An individual, perhaps you, who:

- Serves as a source of encouragement for their job seekers as they work toward their career goals and aspirations
- Can check in with their job seeker on a weekly basis (text/email/phone, etc.)
- Will notify the Network2Work@PVCC staff when their job seeker needs assistance
- **Time commitment:** Same as a Connector, plus 15–30 minutes/week to stay in touch with their job seeker and relay any needs to the Network2Work@PVCC staff

Network2Work@PVCC PILOT

An individual, perhaps you, who serves both roles as a *Connector* and a *Navigator*
