

NETWORK2WORK@PVCC

Real Jobs. Real People. Realizing Potential.

PROVIDER NETWORK

Did you know that nearly one out of every five families in our region doesn't earn enough income to meet their basic needs?

Does your organization want to join a network of resource providers working with no- and low-wage individuals striving to climb the economic ladder?

Would your organization benefit from having job seekers who need your help referred to you using an award-winning technology?

**Then consider becoming a
Network2Work@PVCC Provider!**

Mission of Network2Work@PVCC:

Today in the Charlottesville region there are 12,034 families (19%) that do not earn enough income to meet their basic needs. Network2Work@PVCC uses a political-style ground game of more than 250 well-connected individuals to identify job seekers. These connectors identify low- and no-income individuals who would be a good fit for a quality job in our community—jobs that pay \$25,000 or more and don't require a college degree.

Providers in our network help our job seekers overcome obstacles to employment. We use an award-winning technology platform that matches our seekers to resources based on a provider's eligibility criteria. Job seekers who are matched to a provider are then referred to the provider using the technology's closed loop referral system.

If you are interested in joining our referral network and you provide a resource in one of the following areas that can help a job seeker secure and retain employment, we would like to hear from you:

- Childcare
- Transportation
- Housing
- Core skills education
- Technical skills training
- Physical health
- Mental health
- Food security
- Work supplies/materials/clothing
- Legal assistance
- Financial coaching
- One-time financial assistance

Write us at **network2work@pvcc.edu** or give us a call at **434.961.5255** to get started. We look forward to working with you.
